

NFL Commissioner Roger Goodell expressing the necessity for H.R. 1278 and urging a name change for the Washington franchise. Members of the Senate later solidified support by sending a similar letter to the NFL on May 24, 2014.

The clarion call by Native American tribal leaders and organizations to end the shameful legacy of this despicable term can no longer be ignored. Members of the House and Senate have spoken. President Obama thinks the name should be changed. So does U.S. Attorney General Eric Holder. U.S. District Judge Peter J. Messitte held: "the Court will refrain from using the team name unless reference is made to a direct quote where the name appears." Bob Costas, Christine Brennan and other notable journalists, athletes and political figures have joined the effort to rid the NFL of this denigrating word. The Washington Post will no longer use the offensive word in its editorials. The New York Daily News refuses to acknowledge the word in its publications. Even an entire network—CBS—has decided not to dictate the use of this term on the air, allowing its announcers to stop using the term during NFL broadcasts this season.

You can use caps. Change will prevail. Until it does, we call upon the NFL to stop perpetuating racism against Native Americans.

RE-DESIGNATING THE MARTIN LUTHER KING, JR. NATIONAL HISTORIC SITE INTO A NATIONAL HISTORIC PARK

HON. JOHN LEWIS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. LEWIS. Mr. Speaker, I rise today to applaud the National Park Service's continuous effort to protect the legacy of my dear friend and brother, Dr. Martin Luther King, Jr. In particular, the NPS's current effort to re-designate the Martin Luther King, Jr. National Historic Site into a National Historic Park is of great significance.

Dr. King helped lead a nonviolent revolution, a revolution of values, a revolution of ideas. He inspired an entire generation to find a way to get in the way, to find a way to get in trouble—good trouble, necessary trouble. Through his actions, speeches, and writings, he helped create the climate for the passage of the Civil Rights Act of 1964 and the Voting Rights Act of 1965.

Re-categorizing this site as a park better reflects the truly monumental spirit of the area and its complexity. The area not only includes Dr. King's gravesite and birth home, which the National Park Service preserves, maintains and educates visitors about via tours, but it also stretches to contain the Historic Ebenezer Baptist Church where Dr. King, his father and his grandfather served as pastors. It also includes the entire block where Dr. King's birth home is located and contains the first integrated and longest active fire station in Atlanta, which Dr. King frequently visited as a boy. The block also consists of more than 20 historic properties, including Victorian homes, apartments and shotgun houses that were all restored to their 1930 appearances.

Last year, over 700,000 people traveled worldwide to visit the Martin Luther King, Jr. National Historic Site. Re-designating it as a National Historic Park would better reflect the

complexity of the area and would have minimal associated costs, only changing signage and printed materials. I applaud the National Park Service for making this a priority, and I ask my colleagues to support this legislation to preserve Dr. King's life and legacy.

HONORING THE 125TH ANNIVERSARY OF THE CRAIG BROOK NATIONAL FISH HATCHERY

HON. MICHAEL H. MICHAUD

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. MICHAUD. Mr. Speaker, I rise today to recognize Craig Brook National Fish Hatchery as it celebrates its 125th anniversary.

Craig Brook National Fish Hatchery, in East Orland, Maine, is one of two Maine facilities in the National Fish Hatchery System of the U.S. Fish and Wildlife Service. I am pleased to celebrate the great contributions the hatchery has made to preserving and restoring Atlantic salmon populations in the Northeast.

Craig Brook was established in 1889 to raise Atlantic salmon for stocking Maine waters. Today, the hatchery supports two Atlantic salmon programs. The facility receives adult salmon from the Penobscot River for breeding purposes and produces up to three million eggs per year, transferring about one million to Green Lake National Fish Hatchery in Ellsworth, while the rest are raised at Craig Brook and released as fry. Craig Brook also rears salmon caught from six Maine rivers with endangered populations and releases spawn back into these same rivers.

Craig Brook National Fish Hatchery, like all of our nation's fish hatcheries, does indispensable work in the preservation and restoration of endangered aquatic species. This is why I have been proud to support legislation to ensure that our nation's fish hatcheries continue to serve the public for years to come.

Craig Brook's important scientific work to preserve our region's fish embodies the environmentally conscious spirit of Maine. I am delighted to recognize the accomplishments of Craig Brook and its dedicated team and look forward to their continued success well into the future.

Mr. Speaker, please join me in congratulating Craig Brook National Fish Hatchery on 125 years of exceptional research and conservation work.

HONORING A.B.A.T.E'S 34TH ANNUAL MOTORCYCLE TOY RUN

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. BRADY of Pennsylvania. Mr. Speaker, I rise today to honor the Pennsylvania chapter of the Alliance of Bikers Aimed Toward Education (A.B.A.T.E) 34th Annual Motorcycle Toy Run.

The Toy Run was formed by A.B.A.T.E in 1980 with a simple goal: to bring Christmas joy and smiles to the faces of underprivileged children throughout the Greater Philadelphia region, many of whom live in Pennsylvania's

1st Congressional district. The run began with 30 motorcyclists in its first year. Since then, it has grown tremendously, with an expected 10,000 motorcyclists expected to participate in this year's ride. The Toy Run is open to motorcyclists and spectators alike, all in support for the cause.

The motorcyclists will depart from the Delaware River waterfront and head west through the city led by Santa Claus and Justice Seamus McCaffery, a Justice of the Supreme Court of Pennsylvania. At the finish line, the procession will deliver toys to the United States Marine Corps for their "Toys for Tots" program.

I invite you and all of my colleagues to join me in commemorating the 34th Annual Motorcycle Toy Run of the Pennsylvania chapter of A.B.A.T.E. May its philanthropy and dedication to bringing joy to the underprivileged children of the Philadelphia region be an inspiration to all of us in the years to come.

RECOGNIZING THE 30TH ANNIVERSARY OF INSIGHT MEMORY CARE CENTER

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 17, 2014

Mr. CONNOLLY. Mr. Speaker, I rise to congratulate Insight Memory Care Center (IMCC) of Fairfax, Virginia, on the occasion of its 30th Anniversary and to recognize the extraordinary work this non-profit organization has done to provide services to people with memory related impairments as well as education and support to their families.

Formerly known as Alzheimer's Family Day Center, IMCC was established in 1984 to benefit people who were not being served by existing community services—specifically people in the middle to late stages of dementia or those with behavior challenges. The organization recently changed its name to better reflect the variety of services offered since it does far more than serve as a center for people afflicted by Alzheimer's disease.

What began as an adult day health center with just three participants on its opening day will soon move to a new location where it can serve 50 people per day. Moreover, IMCC has become a comprehensive health and resource provider that offers a spectrum of holistic care, with a vision of a community where those affected by memory impairments can achieve the highest quality of life and their families and caregivers can receive counseling, education, and support.

IMCC's adult day health center provides a safe, engaging, and therapeutic environment for individuals with memory impairment. It is the only dementia-specific day center in the D.C. metro area and remains the only adult day health center in Northern Virginia with programs for people in the later stages of an Alzheimer's disease. IMCC's innovative education and support programs provide caregiver classes, community trainings, professional seminars, support groups, individual consultations, and home visits. These programs help family members remain confident and effective in their caregiving roles and increases awareness and understanding of the disease in the community.
